Get to Know Helen M.

Helen may have been born in Port Jervis, NY, but has lived many other places including: New Jersey, Colorado, Japan (2 times), Washington, South Carolina, Nevada, Virginia and Arizona. Life as an Air Force wife might have had something to do with that. Helen and Bill met in high school at the age of 14. Helen graduated a year ahead of Bill and went off to college, then Bill headed off to the Army the next year.

They didn't see each other for 3 years until he came home on leave. At the time, Helen was working at the defense plant and boarding at a house in town that happened to be near Bill's parents' house. Bill showed up at the front door one day out of the blue and Helen tried, but could not get the door to open. Bill ended up going around the back and that was the beginning of their beautiful story. From day one Bill never proposed, but kept saying, "Let's get married," and Helen would say, "I can't picture myself being married." That went on for a little while as the end of Bill's military leave was looming ever closer. Helen finally agreed to his "proposal" and her father put a quick wedding together before Bill shipped off to the war. Bill and Helen were married for 58 years. They had 3 children and 7 grandchildren.

On a rainy day you can find her listening to a Talking Book. If there was one thing that she would change about her life, it would have been finishing college. We are blessed to have Helen as our new neighbor at the Oasis.
