

# Dining Services

The dining room is the place where our residents can share in laughter and great conversation as they enjoy a delicious, nourishing meal. Under the direction of Chef Michael Kohley, the dining staff strives to provide our residents with high quality food and great, friendly service.

Throughout the pandemic, our dining services have had to be very flexible and convert from a dine-in model to a delivery only model. We are currently pleased to have our dining rooms open again but still provide delivery service for those who prefer. Social distancing and infection control protocol is strictly adhered to.

Now we are faced with an additional challenge. Like many other businesses and senior communities, staffing has become a big issue. Due to this, we have reduced our dining room hours until our staffing situation improves.

## COMPLIMENTARY MEAL PLAN:

- Our complimentary plan provides each Independent Living resident with 25 meals per month.
- Dine-in full meals include a choice of soup or salad, entrée, two sides, dessert & beverage.
- An ala carte menu is also available for smaller appetites. Use of the a la carte menu can provide for more total meals during the month.
- *Complimentary meal plan holds no cash value.*
