Dining Services

The dining rooms are the place where our residents can share in laughter and great conversation as they enjoy a delicious, nourishing meal. Under the direction of Chef Michael Kohley, the dining staff strives to provide our residents with high quality food and great, friendly service with our complimentary* meal plan.

We are pleased to have expanded our meal service to provide for broader options and greater efficiency. Please see our dining schedule on back for details. To view our current menus, just scan the QR code or visit our website.
