

SPIRITUAL SUPPORT

Our organization is based on Christian values. This does not mean that an individual has to be a Christian to live here or work here. To the contrary, we welcome all faiths. What it does mean is that we attract kind, service driven residents and staff which makes our community a very nice place to be!

Because a large number of our staff and residents are among the faithful, we employ a full time Chaplain and offer a variety of worship and spiritual support opportunities.

Kurt Stromberg feels honored and blessed to be the Chaplain of our community. He leads weekly Bible studies, makes visits to residents who are in the hospital and offers grief and prayer support. He is pleased to offer blessings for your new home in our community and even offers pet blessings.
