Annie's Eye Talk

Talk directly to a visually impaired/blind person, not through their companion. Loss of sight is not loss of intellect.

Speak in a normal tone of voice; shouting won't improve a person's vision.

What kind of haircut does a bee get?

A Buzzzzzz Cut!

Welcome to the team!

We are thrilled to introduce Veelie Alba as our new Community Advancement Officer at Fellowship Square Tucson!

In her role, she will lead fundraising efforts and community partnerships to help realize Christian Care's Vision:

"A world where people thrive and live with purpose."

With a strong background in business development, International education, and a deep passion for meaningful impact, we have no doubt Veelie will have a positive effect on our community.

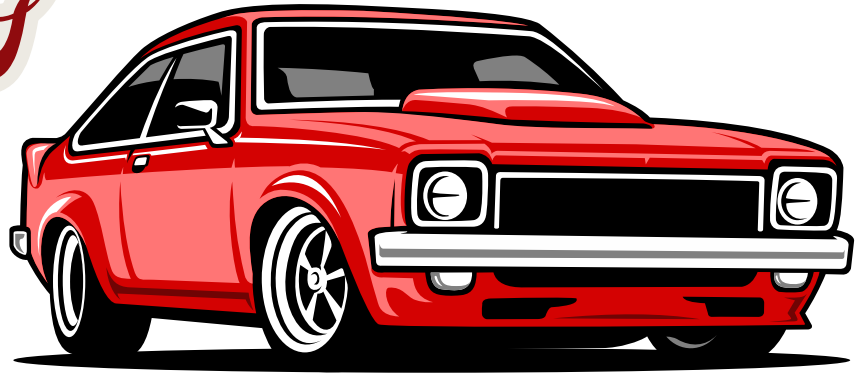

Originally from Minnesota (and very proud of it!), Veelie holds a Bachelor's in International Management and a Master's in International Education. Her career has been in corporate roles, university work, and founding both a sales and marketing consultancy and a social enterprise supporting women artisans to ensure preservation of craft and culture. After traveling globally, she's thrilled to settle in Tucson and bring her heart and expertise to our community. This position resonated deeply with her lifelong desire to continue to impact the lives of others in a meaningful way through her work, and we cannot wait to see what she accomplishes here.

Outside of work, Veelie enjoys art, hiking, spicy food, dancing, and has a soft spot for dogs (so please feel free to bring yours by her office, it will make her whole day, and she wants you to know they are more than welcome!).

We will host a welcome reception for Veelie in June for everyone to meet and get to know her better. The date will be announced soon. Until then, don't hesitate to say hello or stop by her office at V1-103A.

Welcome, Veelie! We are so glad you're here!

Happy Birthday

Geraldine turned 103 on May 29th!

Gerry was a nurse in the Army Nurse Corps during WWII in Europe. She was a second lieutenant in the MASH unit/surgical evacuation hospital. Gerry followed the ground troops across Europe, mainly in Belgium. They lived in tents and followed the troops in Jeeps.

She served for about 2 years before VE Day. Her unit was preparing to go to the Pacific Theater at the time President Truman ordered the atomic bombs to be dropped on Japan, and that ended the war. Gerry then went back to school to become a nurse anesthetist. She finished her career at the VA hospital in Tucson.

A stylized illustration of a theater stage. Red curtains with gold tassels are pulled back to reveal a dark stage. In the center, a rectangular marquee sign with a glowing orange border of small lights displays the text "UPCOMING OPERAS" in white, bold, sans-serif capital letters. Below the stage, rows of red theater seats are visible.
