### Introducing the New Layout for The Villager!

Beginning with this issue, you'll notice a refreshed layout for The Villager.

The new design was created with accessibility in mind, both for print and online. The cleaner format is easier to read and is more compatible with screen readers and other assistive technologies. Bonus: It uses less ink!

While we understand some may miss the previous style, we hope this updated version will provide a better experience for all readers!

To our wonderful residents and their families, thank you for your ongoing support, flexibility, and feedback as we continue to improve how we share news and updates each month!
