

Senior Independent Living

More Time & Opportunities to Thrive with Purpose!

Independent Living is for seniors (62+) who want more time to enjoy their golden years with socialization and purpose.

Our apartments feature spacious floorplans with private entrances opening up to the beautifully landscaped and grassy outdoors - not an internal hallway.

More free time ...

With a delicious complimentary dining plan, housekeeping and transportation services, we give our residents more freedom from home maintenance and chores so they can spend time doing what they want to do, rather than what they have to do!

Safety - Residents and their loved ones appreciate the security they feel from living in a community that offers multiple safety measures including a personal emergency alert device.

Spiritual Support-

Our organization is based on Christian values. This does not mean that one has to be a Christian to live here or work here. To the contrary, we welcome ALL faiths. What it does mean is that we attract kind, service driven residents and staff, which makes our community a very nice place to be!

Because a large number of our staff and residents are among the faithful, we employ a campus Chaplain who leads Sunday worship services, weekly Bible study groups, makes visits to residents who are ill and offers grief and prayer support.

Life Enrichment - As a non-profit, Christian care community, we are committed to providing our residents with a wide range of activities and opportunities to help them **thrive and live with purpose**. These include themed dinner parties, educational speakers, games, outings, arts/crafts, gardening, woodworking, choir, volunteering and much more.

Our **Wellness Coach** puts together a fun and invigorating fitness schedule each week. She also conducts balance assessments and develops personal training plans to help our residents reduce their fall risk and remain independent.
