Compassionate care in a welcoming & engaging environment.

Experience the perfect balance of independence and assistance with our Assisted Living services at The Oasis. Alongside a wide range of thoughtfully planned social activities and a personalized fitness program, our comprehensive service plans provide increased support in your day-to-day life.

Three Levels of Assisted Living Care

Assisted Living is an ideal option for seniors who need additional assistance with their daily activities but do not require 24-hour skilled nursing care. At The Oasis, we provide three levels of assisted living services: Essential, Enhanced, and Elite Services.

Our Essential Service offers light support for daily activities, while Enhanced Service provides moderate assistance with personal care and mobility. Elite Service delivers comprehensive support for those needing hands-on care. An assessment by the Assisted Living Manager customizes a service plan for each resident before admission.
