Summer is here, and with warmer temperatures comes an important reminder for everyone: to stay hydrated. As we age, our bodies may not signal thirst as quickly, which can lead to dehydration before we even realize it. Staying hydrated is one of the simplest and most important ways to protect your health

during the summer months. Drinking enough fluids can help improve energy, prevent dizziness and fatigue, support healthy circulation, and reduce the risk of heat-related illnesses.

Signs of dehydration:

- Dry mouth
- Headaches
- Dizziness or weakness
- Confusion
- Dark-colored urine
- Feeling unusually tired

THREE MEN AND A BABY

SATURDAY, JUNE 6TH | 1:00 PM

Three Men and a Baby is a 1987 American comedy film directed by Leonard Nimoy. It stars Tom Selleck, Steve Guttenberg, and Ted Danson as three bachelors' as they attempt to adapt their lives to de facto fatherhood with the arrival of the love child of one of the men. The film was based on a 1913 short story, "The Three Godfathers", by Peter B. Kyne, which was later adapted to the 1985 French film Three Men and a Cradle.

THE SIGN OF THE BEAVER

MONDAY, JUNE 22ND | 2:30 PM

A colonial family seeks a new life in the uncharted Maine wilderness in 1768. Their hopes, dreams, and survival as a family are put to the supreme test when Will, the father, is forced to leave his thirteen-year-old son, Matt (Brendan Fletcher), alone to protect their claim while Will returns home to retrieve the rest of his family and their belongings. Matt is eager to prove he is not "just a boy," but loneliness, the threat of Indians, a menacing frontiersman (Maury Chaykin) and harsh conditions mark his dangerous vigil. He meets a young Penobscot Indian. Their distrust and hatred slowly turns into friendship that teaches Matt about survival, trust, understanding, and loyalty.
